Description:

In the second half of the seventeenth century, the Scottish Kirk was in direct conflict with the King of England. By 1666, the king's soldiers were

given lists of the names of the Scottish Covenanters by the curates, who then hunted them down and persecuted them. This is the story of Will Wallace, a young man in the service of the King who is tasked with searching for Andrew Black, a defiant Protestant. But Will soon joins Black as a follower of Christ and becomes one of the hunted and harried himself. This is an inspiring story, telling both the hard truth of those who perished for the cause of Christ and Christian liberty, and the triumph of Christ's love and strength to the faithful saints who persevere in His name. It is a marvelous record of the power of God.

Who were these people called covenanters? What did they endure for the Faith of Messiah, and for how long? They left a legacy of courage.
